

# **MIR AKHTER HOSSAIN LTD.**

*Engineers & Builders*

trusted partner in progress

# PREFACE

In a developing country like Bangladesh, planned growth of Construction Industry such as construction of industrial complexes, Roads, Bridges, Rail lines & Flyovers, Power Stations, Housing infrastructures, Airport Development, etc. is a prerequisite for achieving the goal of overall national development. With this end in view, late Mir Akeb Hossain established the organization as a Partnership Company in the year 1968. With the extension of its activities, nationwide, the company was converted into a Private Limited Company in the year 1980. Through a long process of organizational development, the Company that started its activities in the year 1968 almost from scratch, achieved rapid and steady growth under the youthful exuberance and dynamic leadership of its late founding Managing Director as well as its present Managing Director in particular with able assistance and concerted efforts of its Directors, engineers, technicians and employees in general and the Company is now in the forefront of Construction Industry in Bangladesh.

Since its inception as Partnership Company till to date the Company successfully executed diverse projects like construction of international standard Highways and Bridges, Flyovers, Factory Buildings of Sugar and Textile Mills, as well as Pharmaceutical Complexes, Functional buildings, International standard Hotel buildings, Auditoriums, Academies and Warehouses, Food and Fertilizer Warehouses, Railway Tracks, Overhead Tanks, Discharge Channels and so forth, to the entire satisfaction of its clients. The Company has in its key positions considerable number of experienced and dedicated Civil, electrical and mechanical engineers, management personnel and skilled technicians. Mir Akhter Hossain Ltd. also possesses adequate number of machinery, plant, equipment and vehicles for undertaking precision engineering projects of considerable magnitude.

Presently the company is executing some prestigious Projects like Development of Cox's Bazar Airport (Phase-I) in Joint Venture with Halla Corporation & Seokwang Development Co. Ltd. of Korea, Construction of 53.80km new Railway Line from Majhgram to Dhalarchar via Pabna in Joint Venture with Ranken Railway Construction Group Co. Ltd. of China, Improvement of 22.40 km Road from 2-Lane to 4-Lane including structure under Contract No. SASEC-RCP/ICB/W-021 (Lot No. WP-03) Part-1 in Joint Venture with Samwhan Corporation of Korea, Construction of 16 Nos. Bridges under Rajshahi Zone Contract Package PW-02 under Western Bangladesh Bridge Improvement Project (WBBIP) in Joint Venture with Komaihaltec Inc. of Japan, Construction of 8.0 KM Approach Road (4 Lane) and Structures (New Scope of works) under Third Karnaphuli Bridge Project in Joint Venture with Wuhan Municipal Construction Group (WMCG) of China & Sadeem Al Kuwait of Kuwait etc. & several other prestigious Projects.

The Company executed several projects of international standard by forming Joint Venture with Internationally reputed Construction Companies like F.F. Cruz & Co. Inc. of Philippines, Samwhan Corporation of Korea as well as China Harbour Engineering Company and H.H. Consortium of China, Consortium of Technicas Reunidas SA & Electronica Elctricidad SA, Spain, Halla Corporation of Korea, Ranken Railway Construction Group Co. Ltd. of China and others.

The Company also successfully executed several projects under different foreign missions.

Mir Akhter Hossain Ltd. executed different construction projects under various International Consultants like Louis Berger (USA), Snowy Mountains (Australia), Renardet S.A.(Switzerland), DHV Consultants BV (Netherlands), Japan Overseas Corporation (Japan), Clifford Tee & Gale (UK), Keyane Associates (UK), Rendel Palmer & Tritton (UK), Asia Pacific Consultants Pty Ltd. (Australia) etc.

With sound engineering background, sufficient experience and expertise the company is capable of successfully implementing large construction projects of international standard by strictly following constructional ethics and obligations.

The business strategy of the company is to serve the nation in its humble sphere as well as to cooperate with like-minded enterprises all over the world. The company cherishes promotion and advancement of technology oriented modern Construction Industry, catering the needs of the time.

# OBJECTIVE

To complete quality construction projects conforming to the client's requirement with maximum efficiency in minimum time and expenditure through planned and organized use of men, materials, equipment & financial resources.

To achieve consistently high standard and quality of work in the field of Civil, Sanitary & Plumbing, Electro-Mechanical works including HVAC, Fire detection & fighting, Lifts etc. associated with construction of multi-storied Office buildings, Functional buildings, 5-star Hotel Buildings, Auditoriums, Academic & Industrial buildings, Roads & Highways, Bridges, Flyovers, etc.

To maintain excellent working relations with its Employees, Clients, Consultants, Joint Venture Partners, Sub-contractors, Suppliers and Financial Institutions.

To cooperate with foreign construction companies and perform large construction projects by forming joint venture with them with an objective to exchange construction technology and know-how of each partner for the benefit of all the partners.

Managing Director of Mir Akhter Hossain Ltd.

**Mir Zahir Hossain (1947 - 2009)**

## MESSAGE

---

Mir Akhter Hossain Ltd. Started its journey in the field of Construction Industry almost from scratch in the year 1968, waded through high waters and eventually occupied a coveted position in the forefront of Construction of Bangladesh through dedicated and concerted efforts of its technical personnel and professionals with overwhelming cooperation and goodwill from all our business friends at home and abroad.

On behalf of the Board of Directors and on my own behalf as the Managing Director of the Company, I take this opportunity to present before you a general portrait of the company, depicting the glimpses of our construction activities in Bangladesh.

We hope that our friendly relationship with all our business associates will grow further and will contribute to our mutual benefit in days to come.

**Mir Nasir Hossain**  
Managing Director  
Mir Akhter Hossain Ltd.

## MESSAGE

---

I take the privilege to extend my heartiest felicitations to all our Employers, Consultants, Joint Venture partners, Bankers, Suppliers, Sub-Contractors for their support and cooperation and to all technical and professional personnel of the company and last but not the least all employees of the company in general who rendered dedicated services for the growth and present status of the company.

**Shama-e Zaheer**

Director & COO  
MIR AKHTER HOSSAIN LTD.

## MESSAGE

---

It is a pleasure to note that Mir Akhter Hossain Ltd. one of the most reputed construction industries who are now in the forefront of construction industries of Bangladesh is publishing their Company Brochure. The Company wishes to thank its Officers, and other Employees as well as its Sub-Contractors & Suppliers for the dedicated services rendered by them for which the Company attained its present coveted position among the construction industries of Bangladesh.

I take this opportunity to also thank all our fellow business professionals for providing us needed support for the growth of the Company.

*Sohela Hossain*  
**Sohela Hossain**  
Director  
MIR AKHTER HOSSAIN LTD.

## MESSAGE

---

Mir Akhter Hossain Ltd. has been contributing to the infrastructure development of the country since long. It is now one of the leading Construction conglomerates of Bangladesh having completed large number of prestigious projects all over the country. The Company is indebted to the dedicated services of its Officers, other employees, Sub-Contractors & Suppliers as well as continuous support of all of its well wishers for achieving their desired goal.

I take this opportunity to congratulate all our Officers, other Employees, Sub-Contractors, Suppliers as well as well wishers for extending continuous support for the well being of the Company.

*Mahbuba Hossain.*

## Range of services

Mir Akhter Hossain Ltd. provides comprehensive and diverse range of services in the following disciplines of Construction Industry

- Roads and Highways both flexible & rigid pavement
- Maintenance of roads with DBST/SBST & hot-mixed Asphalt
- Flyovers
- Pre-stressed and RCC Bridge
- Repair and Renovation of Bridge
- Railway track
- High-rise Building
- Academic Institution
- 5-star Hotel Complex
- Renovation & Interior Decoration work
- Industrial Complexes like Cement, Ceramic, Pharmaceutical, Textile, Garments, Chemicals & Sugar factory
- Residential & Office complex
- Warehouse
- Power station
- Hospital Complex
- Cyclone shelters & Village transformation
- Post tensioned pre-stressed concrete slab
- Piling and foundation work
- Dredging/Site development
- Soil Stabilization
- River bank protection works
- Jetty construction
- Effluent Treatment Plant
- Swimming Pool
- Electrical works incl. Sub-station and Generator
- Deep Tube well
- Fire Detection & Fighting works
- HVAC works
- Passenger Lift, Car Lift and Escalator
- Installation & Commissioning of different Plants & Equipment
- Design-build/Turn-Key Construction
- Steel Box Girder Bridge Erection
- Marine works

708m long Shaheed Buddhijibi Setu with Viaduct & 2.64 Km Approach Road.

## Quality Policy

We, MIR AKHTER HOSSAIN LTD. ([www.mirakhter.net](http://www.mirakhter.net)) is presently at the forefront of Construction Industry of Bangladesh and they aspire to maintain this coveted position by strictly observing the latest construction technology and honestly adhering to their commitment to Quality as well as Health, Safety & Environment factors.

The company is committed to continuous improvement of its organizational practices by establishing and following quality objectives and implementing those regularly and effectively at all the levels by upgrading all available resources, facilities, technical know-how & training of manpower with the able assistance of its highly skilled technical and professional manpower maintaining quality requirement for specific job. The quality control policy encompasses performance of work in compliance with observance of quality control standards and ensures the same through team spirit combined with a sense of responsibility of all participants connected with the execution of the project.

Measures are undertaken to ensure the quality of works & materials, while optimizing the employment of resources, understanding time & cost behavior, producing early warning signals and last but not the least updating resources planning & implementation together with formulation of incentives for motivating people.

The company is also committed to comply with the applicable statutory and regulatory requirements.

The Quality Policy and Objectives are subject to regular review by top Management for continuous improvement according to practical requirement & evolving best practices globally.

  
Mir Nasir Hossain  
Managing Director

We, Mir Akhter Hossain Ltd. ([www.mirakhter.net](http://www.mirakhter.net)) want to maintain the leadership position among the local construction industry by virtue of latest technology and our commitment to Quality and HSE.

**Our corporate Health, Safety & Environmental (HSE) policy is based on the following principles:**

- Identification and evaluation of all HSE hazards or aspects and the management of their risks or impacts to acceptable levels
- Compliance with all applicable HSE legislation
- Prevention of accidents, injuries and pollution
- Intolerance of the conditions and behaviors that contribute to injuries
- Reduction of waste and conservation of resources
- Recording and communicating HSE performance throughout the company
- Continual improvement of HSE performance

74

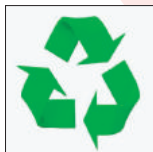

The chief operative officer and senior management shall visibly uphold these principles and the management and supervisory personnel at each business unit and location shall be responsible for implementing and maintaining an HSE management system necessary to ensure compliance with these principles.

Each employee has a duty to report workplace conditions or practices that pose a safety hazard or threaten the environment and to take reasonable actions to alleviate such risks.

The company is also committed to comply with the applicable statutory and regulatory requirements.

The Policy and Objectives are subject to periodical review by the Top Management for ensuring a continual suitability.

  
Mir Nasir Hossain  
Managing Director

## Integrity Policy

On my own behalf & on behalf of the Board of Directors of the Company, I intend to adopt Integrity Policy for the Company ensuring principles of fairness & integrity with the Clients and Business Partners/Associates (Consultants, Service Provider, Vendors, Contractors, Sub-contractors, Suppliers) resisting any/all forms of corruption, strictly adhering to all the prevailing laws of the country and assuring impartial opportunity to its employees, customers, suppliers & community at large. Strict compliance of the above policy by the company shareholders, Associates, employees at all levels and all other relevant personnel is a must.

  
Mir Nasir Hossain  
Managing Director

The remarkable success in the field of construction industry imbued Mir Akhter Hossain Ltd. from the beginning of the new millennium to diversify their business. During the long span of its construction business, the Company felt necessity of using quality construction materials for achieving success. Keeping this in mind they started visualizing to step into manufacturing industries to produce mainly construction related materials, simultaneously, with construction activities.

Their vision started to come true with the establishment of Mir Cement Ltd. for producing Portland cement in January 2003, Mir Ceramic Ltd. for producing ceramic tiles in December 2003, Mir Ready mix concrete plant in January, 2004 and Mir Real Estate Ltd. in March, 2006.

In addition to the above companies, sister organizations like Mir Telecom Ltd., Mir Holdings Ltd., Mir Power Ltd. & Mir Technologies Ltd. have also started functioning recently.

A fore-runner in telecom operation and the pioneer in modern technology and introducing state of the art products and services in the telecom industry of the country. It is the first private International gateway (IGW) Operators of Bangladesh and came into operation on 21st August 2008 after being awarded the IGW license by the Government.

Carrying voice traffic around the clock is what Mir telecom does. It passes the originating and terminating international voice traffic to the overseas Carriers in the upstream and the Mobile & Fixed line Operators in the downstream. It has direct bilateral connections through submarine cable and ITC with majority of countries of the world. By this it supports A-Z voice termination to almost all destinations of the world on both TDM and IP media. The revenue earned through it is 100% in foreign exchange and so it is also a big foreign exchange earner of the country.

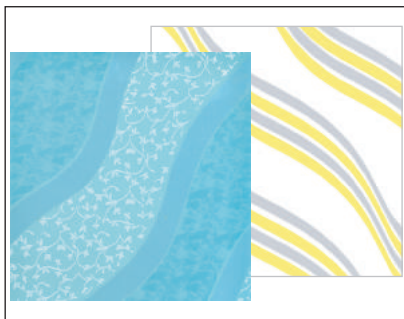

It is preparing to offer international SMS (short message service) very shortly as per directive of BTRC and planning to introduce MMS (multimedia service) next time.

**MIR CERAMIC LTD.** started its operation in December, 2003. Established at North Mawna, Sreepur, Gazipur, it is fully equipped with Italian machinery from SACMI (Manufacturer of world's no.1 Ceramic tiles machinery) who has provided a complete set of machinery with total technology and body formulation for the tiles on turnkey basis under the whole time supervision and guidance of specialist technicians from SACMI. Colorobbia Espana of Spain and Ferro U.S.A. the two world famous companies have provided the glaze, colour and stain of the products along with technology on turnkey basis. The combined technologies of the above internationally reputed companies ensured premium quality of the tiles.

**Mir Ceramic Ltd.** is producing different types of ceramic tiles e.g. single fired wall tiles, floor tiles, Mirror Polished tiles, Glazed Polished tiles, matt glazed tiles, porcelain tiles, salt & pepper tiles (locally termed as homogenous tiles) strictly conforming to CEN (Committee European de Normalization) standard. The tiles have no pinholes and waviness, resulting in smooth and glossy surface of the glazed side. Ceramic tiles of Mir Ceramic Ltd. have the highest bending strength with lowest water absorption with strict dimensional uniformity. Due to the quality and affordable price, Mir Tiles have attracted the attention of public & private users & the production is going on in full swing to its maximum capacity. The company is also exporting its products to India, South Korea & Nepal.

Mir Cement Ltd. produces High quality cement to reflect its commitment to quality cement of international standard for constructing long lasting large and massive structures like the mighty Pyramids

Mir Cement Ltd. has established 1200 TPD Cement Grinding Plant at Murapara, Narayanganj by the side of river Sitalakhya and started its operation in January, 2003, with a view to catering the needs in-house requirement as well as to manufacture good quality international standard Portland gray cement for commercial purposes.

Keeping in mind the importance of good quality cement for building strong and durable infrastructures, Mir Cement Ltd. produces Pyramid brand cement to reflect its commitment to quality cement of international standard for constructing long lasting large and massive structures like the mighty Pyramids.

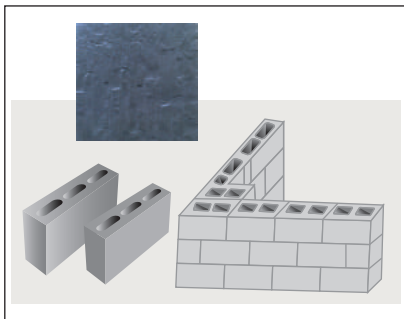

Mir Concrete Products Ltd. started production of Ready Mix Concrete and Concrete blocks in 2004

Mir Concrete Products Ltd. came into being with a view to ensure quality construction works and maintaining environmentally harmless concrete products. Mir Concrete Products Ltd. installed two batching plants at Gabtali, Dhaka and one batching plant at Rupgonj, Narayangonj having capacity of producing considerable quantity of ready mix concrete.

80

The Ready Mix Concrete manufactured are delivered to the construction sites of the consumers who deals in erecting high rise building and other infrastructures through Transit Mixers/Agitators and concrete pumps. The company also established Concrete Block factory at Gabtali for producing paving blocks, partition wall blocks, ceiling blocks and Kerb stones of different sizes and shapes.

Mir Real Estate Ltd. has been established in March 2006 with a view to purchase, acquire or take lease of any area of land, buildings, structures etc. and developing them either individually or on Joint Venture basis into Residential Apartments, Commercial Complexes, Supermarkets, Hotels, Hospitals etc. of elegant style with modern amenities for the purposes of sale of the same to interested buyers/organizations/companies etc. The company has already completed and disposed of residential apartment at Gulshan & Dhanmondi and now developing residential complexes at Dhanmondi, Banani, Shamoly & Uttara.

Many more prospective Housing and commercial Complex Projects in posh areas of the City like Dhanmondi, Banani, Gulshan, Moghbazar etc. are in the pipe line and awaiting implementation.

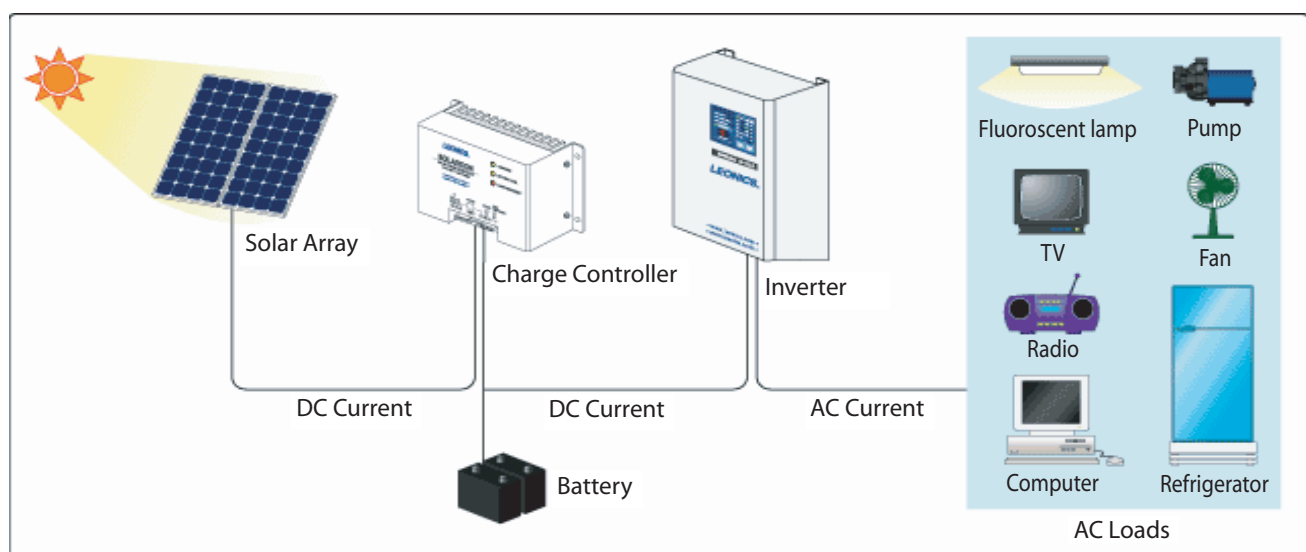

Mir Power Limited has been incorporated in September 2010 from the ground of scarcity of country's power and solar power systems is rapidly gaining popularity throughout the world as the technology keeps on improving and the issues associated with greenhouse gas emissions and global warming are diverting attention away from fossil fuel generated power. We, MIR Power Limited are involved in both conventional and renewable energy.

In the Conventional Energy We have a plan to serve the nation and create more employment opportunities by supply, installation, testing and commissioning new power plants fired by HFO, Coal etc, and transmission, distribution & evacuation of generated power.

In the Renewable Energy we are now focusing only Solar Power Systems. We are providing full Turnkey Solutions of supply, installation, testing and commissioning of Solar Power Systems for both ON and OFF grid. The main equipment of Solar Power System are Solar Panel/Module, Solar Battery, Solar Controller and Solar Inverter.

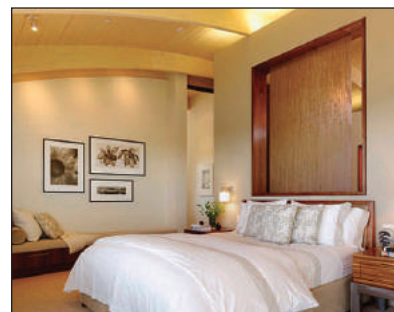

Products/Services: Renewable Energy (Turnkey Solutions)

Established in the year 1999, Mir Holdings Limited is one of the prominent Real Estate Companies of Bangladesh.

Mir Holdings Limited, the property development wing of Mir Group of Companies has managed to seal a position in the high end of the development market. By acquiring properties in some of the most distinguished regions of the city and developing structures aesthetically pleasing to even the most demanding connoisseur, the firm has managed to clearly mark out its territory at the highest segment of the property ladder.

Coloasia is the leading, large-scale, co-location data center provider in Bangladesh, providing reliability, security, and flexibility that the customers require to house their IT infrastructure. Responding to the customers' need, the company is expanding the capacity and introducing various new features including cloud services. Since 2012, Coloasia has designed, built and operated highly secure and reliable multitenant data centers for mission-critical IT environments. The world class data centers are in 5 prime locations in Bangladesh for connectivity, disaster recovery, and ease of access by the customers. Coloasia serves customers ranging from Banks, Financial Institutions, Telecom sector, ISP, and IT industry with more than 10,000 sq.ft of rentable space, 30GBPS of Data, 1600 KW of IT, 2000 K BTU of cooling, and 400 rack spaces.

The resilience and reliability of the data center service can be characterized simply as 'Always On'. Coloasia provides uninterrupted power and optimized cooling facilities and is equipped with state-of-the-art 24x7x365 monitoring systems giving customers complete confidence. Coloasia is committed to reduce the impact of the data centers on the environment through using energy efficiently, reducing our carbon emissions and providing green energy solutions.

Coloasia delivers a high quality performance and high quality service. The service provided by Coloasia is underpinned by a meticulous approach to the day-to-day management of the data centers.

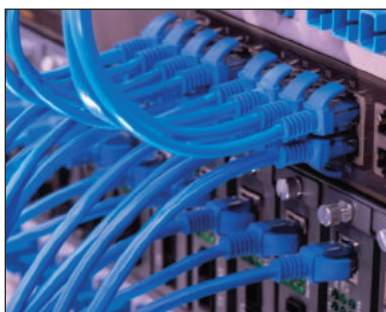

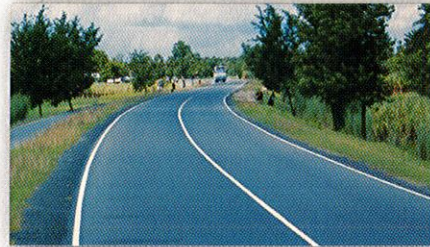

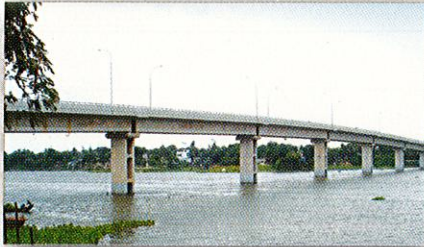

BTS Communications (BD) Limited with Ubernet brand is one of the pioneers in ICT Industry in Bangladesh and is providing Nationwide Internet and Data communication services since 1998. It has acquired ISP and IPTSP license from Bangladesh Telecommunication Regulatory Commission (BTRC) and providing internet service to the Government organizations, international bodies operating in Bangladesh, Financial sector, Airlines, Hospitals and the Corporate houses.

85

BTS is one of the fastest growing organization with wider network coverage and offering various ICT Solutions for both end users and corporate sectors. BTS along with its international partners and highly skilled worked force have meticulously planned and executed optical ring network with most modern technological outfits and serving the clients/partners with newer opportunities.
